Ask your Daniels waste consultant about picking up your existing medical waste

Ecoship

A safe and compliant transport system for sharps and pharmaceutical waste.

Ecoship revolutionises healthcare waste management for facilities in rural areas and those that generate low volumes of sharps and pharmaceutical waste.

Dramatically reducing transport costs, the Ecoship mailback system provides unparalleled convenience, ecology, compliance and cost savings without compromising on reliable and efficient service.

How Ecoship Works

1 Choose an Ecoship container

2 Sign a service agreement with Daniels

3 Daniels ships the product direct to you with reorder and pick up instructions

4 USE YOUR ECOSHIP PRODUCT

Ecoship Key Features

- ▶ Standard approved sharps containers
- ▶ Flexible services options
- ▶ Reliable mailback solutions
- ▶ No monthly fees or hidden costs
- ▶ All-inclusive pricing
- ▶ Pay only when you order!

YOUR SHIP PRODUCT

5

When your Ecoship container is full, email or fax Daniels the reorder/pick up form

6

Daniels arranges Purolator to pick up your full container

7

Daniels sends out your new kit (if requested)
