D2 and D4 Sharps Container

Daniels

MAKING HEALTHCARE SAFER
SOINS DE SANTÉ PLUS SECURITAIRES

HOW TO USE

SAFETY INSTRUCTIONS FOR USE

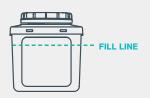

Open the container and position securely on a flat surface or into a secure mounted wall bracket.

Safely dispose of used sharps. If using an SED, this should be activated before disposal.

To prevent injury, do not overfill the container. Under no circumstances should sharps protrude above the designated container fill line.

The container is full once contents reach the fill line. When full, close and lock.
