# Cardboard Box

BROWN BOX WITH RX LOGO - RED LINER

Daniels

MAKING HEALTHCARE SAFER
SOINS DE SANTÉ PLUS SÉCURITAIRES

1 Turn box over and seal bottom flaps with tape

2 Place red liner into box. Fill box with pharmaceutical waste only. **No loose sharps are permitted outside of sharps containers.**

3 Seal liner by twisting and hand-tying into a single knot.

4 Close lid by taping the flaps down. **Liners should not be showing once the flaps have been taped.**

5 Place pharmaceutical barcode label on the box. If box is not pre-stamped with content identification label, place waste classification sticker on the box

6 Store securely in waste collection area. Contact your local Daniels service location for a pick-up of your pharmaceutical box.
